

## CPMR “AQUAMARINA” WORKING GROUP

We are delighted to now be able to inform you that the next plenary meeting, which will focus on “**the theme of maritime employment and training**” will take place in the presence of the various concerned services of the European Commission on 25 March from 9.30 to 17.00 at the Committee of the Regions (Room JDE 53) in Brussels. Several Regions will also present their actions in this sector.

You will shortly receive the detailed agenda for this one-day working meeting.

After two years of work, we feel it useful to take stock and think of areas of work for the future. Consequently, we have drawn up a **questionnaire which you can find hereby attached**.

We would be grateful if the member regions of the Aquamarina group could complete this questionnaire and return it to us by the 26 February, so that we can analyse the responses and present the results to you during our **meeting on 25 March**.

Your replies will help the CPMR General Secretariat and the Region of Brittany to formulate the most appropriate proposals for taking the work forward.

You will also find hereby attached to this email:

- A registration form to complete and return to us by **1 March 2010** for logistical reasons (list to be sent to the CoR, organisation of the lunch break with a sandwich buffet offered to all participants...)
- The minutes of the 5th plenary session of the **Aquamarina** group.

Best regards,

Brittany Regional Council - CPMR Secretariat

*\*- Simultaneous translation will be available in French, English and Italian (to be confirmed)*

*All Aquamarina group documents (minutes, presentations, questionnaire) can also be found on the CPMR website: <http://www.crpm.org/en/index.php?act=13,25>*
